

Central Whistleblower System

AT A GLANCE

Protection

Fairness

Trust

Complying with statutory regulations and internal rules, and the principles laid down in our code of conduct OUR CODE and the Code of Conduct for Business Partners, has top priority at Digiteq Automotive. It is important to learn of potential employee or supplier misconduct and to put a stop to it. Therefore, we entrusted the Central Investigation Office to operate an independent, impartial and confidential whistleblower system on our behalf. Based on the principle of procedural fairness, the Central whistleblower system guarantees the greatest possible protection for whistleblowers, persons implicated and employees contributing to the investigation of reported misconduct.

If your report concerns potential serious violations with regards to human rights and environment by suppliers, the Central Investigation Office will inform the responsible departments, who will process the issue accordingly.

Find more information on the procedural principles of the Volkswagen Group Complaints Procedure [here](#).

Making a report to the Central whistleblower system

The Central whistleblower system offers various channels to report potential employee and supplier misconduct that allow a swift review and reaction by our company if necessary. Reports can be made 24/7 in every language.
